

Peel back for installation instructions

INDIVIDUALLY STRUNG

lines prevent tangling and keep lines taut in use.

USAGE INSTRUCTIONS

Unclip the arms before use.

Slide the grip handle on the airer upward over the teeth of the ratchet to achieve the line tension desired.

To close the airer, depress the trigger and gently slide the grip handle down the centre pole. Clip arms to the centre pole.

230cm diameter

SAFETY FIRST: To avoid danger of suffocation keep this wringer away from babies and children.

INSTALLATION INSTRUCTIONS

Remove the ground socket from the centre pole.

Find sufficient room for the airer to rotate completely.

Install the ground socket securely into the ground. Note: The ground socket should be installed using concrete (not included); a fence post mix is ideal. Make sure the top of the ground socket is flush with the ground.

Once the concrete hardens, insert the airer assembly into the ground socket.

WARNING!

This item is heavy. Take care during installation. If in doubt, consult a builder for professional help. This is not a toy. Children should not play unsupervised near this product. When not in use store safely out of reach of children. Ensure support for the airer is securely fixed in the ground and supports the airer in an upright position. **Maximum Load 40kg.** Load and unload evenly. Take care when opening and closing the item to avoid trapping fingers. Please retain for future reference.
