## INSTALLATION INSTRUCTIONS

Remove the ground socket from the centre pole.

Find sufficient room for the airer to rotate completely.

Install the ground socket securely into the ground. Note: The ground socket should be installed using concrete (not included); a fence post mix is ideal. Make sure the top of the ground socket is flush with the ground.

Once the concrete hardens, insert the airer assembly into the ground socket.

### WARNING!

This item is heavy. Take care during installation. If in doubt, consult a builder for professional help. This is not a toy. Children should not play unsupervised near this product. When not in use store safely out of reach of children. Ensure support for the airer is securely fixed in the ground and supports the airer in an upright position. **Maximum load 50kg.** Load and unload evenly. Take care when opening and closing the item to avoid trapping fingers. Please retain for future reference.
