

130mm

EXTRA THICK & ULTRA ABSORBENT

Minky Sponge Cloths are incredibly absorbent with the ability to absorb large amounts of water. Each cloth is produced using extra thick sponge with a three dimensional distribution of cotton fibres, providing increased strength and durability. The textured surface offers maximum cleaning performance, trapping all unwanted dust and dirt. Ideal for wiping, cleaning and mopping up spillages around the home.

Product Care

For best results use with your usual cleaning liquid. Rinse thoroughly before and after each use. To keep cloth clean and fresh, hand wash separately. Allow to dry naturally. Wash and replace cloths regularly.

Composition

Mixed fibres - cellulose and cotton.

Important

Test on an inconspicuous area before use.
